WORLD FAMOUS HORSEMEN DUE ON PENINSULA

Olympic Riders May Attend Horse Show At Atherton

Because it is felt that the event will stimulate the peninsula economically and socially, despite existing conditions, the San Mateo County National Horse Show will be held as usual this year. The dates are August 13 to 20, inclusive, and the place is the Menlo Circus Club, at Atherton.

Several of the foreign army teams which are to visit the Olympic Games are planning to come here, it was said today by A. Mouel-Fenton, secretary-manager of the show, whose headquarters are in Redwood City. Mrs. W. P. Roth, of Woodside, is president of the show.

Arrangements, said the manager, are practically concluded to have the Swedish, Japanese and United States Army riding teams, and there is a strong possibility that the German team will also participate.

"This will bring to our show some of the greatest horsemen in the world, and will offer everyone here, who cannot attend the Games, an opportunity of seeing them in competition, as they will compete against each other in our ring, irrespective of the results of the Games," Mr. Mouel-Fenton said.

In addition, several large eastern stables have signified their intentions of entering the show. Among them is the stable of Miss Mary G. Fiers, who will show Roxie Highland, world champion three-gaited horse.

It is predicted that the forthcoming show will be the greatest ever held on the Pacific Coast.

COUNTY NINETEENTH IN TAX DELINQUENCY

San Mateo county had a delinquency of 7.84 per cent in county taxes collected for 1931-32, according to a study of tax delinquencies in 30 California counties, recently completed by California Taxpayers' Association. Figures for the county are based, on information received from the county tax collector as of May 13, 1932. The total tax delinquency reported by the county for 1931-32 was $220,881.

The county ranked 19th from the highest in county tax delinquency among the counties studied. San Diego county showed the highest percentage of delinquency, 20.50 per cent, and San Benito showed the lowest, 1.93 per cent.

The tax delinquency of San Mateo county for 1930-31 was 5.50 per cent, the county ranking 16th from the highest for that year, total delinquency being $152,569.

A weighted average of all counties reporting gives a tax delinquency of 6.48 per cent for 1930-31 and 10.83 per cent for 1931-32. The study finds that the rates of change of delinquencies are not uniform between counties. Some have a rapid increase while others have a lesser rate of increase. The percentage delinquency in Alameda county for 1929-30 was 3.93; for 1930-31, 6.32, and for 1931-32, 8.02. However, in Orange county the percentage delinquency was 2.83, 4.80 and 9.61 for the same periods. Thus, the rise in delinquencies is much sharper in the latter county.

Gas Heater Death Cases Compromised

Three suits for $100,000 brought against the Union Furniture Company of San Francisco for deaths of three San Bruno residents from a faulty heater were compromised today for $7,500, a petition to have the agreement approved, which was filed with County Clerk Elmore B. Hinman, revealed.

The plaintiffs are Ezra Cole of San Bruno, who asked $75,000 for the death of his wife, Alice, and boy, Charles, and Florence Fleming, who sought $25,000 for the death of her brother, Clarence E. Bennett.

DECREE OBTAINED

Frank H. Doane, San Francisco trucking firm head, was divorced in Redwood City today by his wife, Esther E. Doane of Burlingame, who was granted an interlocutory decree of divorce by Superior Judge George H. Buck on the ground of cruelty.

From 300 B. C. to 1300 A. D., Burma built about 5000 temples to various gods within its 16 square miles.

Rolph Hopes Some Day To Become V.P.

SACRAMENTO, June 24 (U.P.)—To only a few of his intimate friends has Governor James Rolph Jr., confided that some day he would like to be vice-president of the United States.

This may explain why the governor, black boots, white carnation and broad smile, was so prominent at the Chicago convention. Eastern writers reported themselves surprised when he presided over a caucus of the California delegation like a "mild-mannered, white-moustached gentleman."

Amused, a San Francisco newspaper commented: "Jimmie has his faults, but bad manners are not among them. Presiding is one of the best things he does. He would make an almost perfect vice-president provided the president's health was sound."

3 SUPERVISOR CONTESTS SEEN IN S. M. COUNTY

Hickey, Francis And Poole Will Have Opposition

Three supervisorial races in San Mateo county today became contested affairs and promised to make things lively in township political circles during the coming months.

Thomas L. Hickey, 309 Eucalyptus avenue, South San Francisco, filed his papers today only to find that he will be opposed by Albert J. Witt, 127 Templeton street, Daly City, a dairyman. Both papers are on file today with County Clerk Elmore B. Hinman.

Hickey was trustee of South San Francisco for six years before becoming supervisor, which position he has held for 15 years past.

The supervisorial contest in Fourth Township between Supervisor Manuel Francis and Manuel ("Pat") Cardoza, both of Half Moon Bay, became a three-way affair with the entrance of Paul M. Schaible of Montara as a candidate.

Schaible, a builder, declared himself "mentally awake, physically fit and morally straight" to hold the post.

In Third Township, Supervisor John W. Poole, and Willis G. Frost, local civil engineer, and Alfred Winter, Ravenswood builder, have already filed.

Kin Of Auto Victim Won't Sue Friends

Carmen Cruz, 22, San Francisco girl, died as the result of a broken back and crushed chest in an automobile accident in San Mateo early Sunday, a coroner's jury decided yesterday.

The girl's father told the jury that he will not prosecute either Jesue Brambili or Raymond Vallejo, drivers of the two cars involved, because, he said, they were all friends.

Ill? County Has Over 70 Physicians

SACRAMENTO, June 24 (U.P.)—It's your own fault if you can't keep well in California.

No, this isn't an advertisement for the glorious sunshine and health-giving climate of the Golden State. It's just to point out that there are 8,925 physicians and surgeons—one to every 636 inhabitants — whose duty is to keep you healthy.

Few counties fall below the state average of one physician to every 636 persons. The number ranges from none at all in Alpine, with 241 inhabitants, to 57 in Tulare, or one to every 1,854 persons.

San Mateo county has 71 physicians and surgeons, or one to every 1090 persons.

FIRE RATE CUT BEING SOUGHT IN MENLO PARK

Improvements Made In Department's Equipment

MENLO PARK, June 23.—The campaign waged by the board of commissioners of the Menlo Park Fire District to improve the fire equipment and reduce the fire hazards in the district may result in a reduction of fire insurance rates after the next survey by the fire underwriters, it is believed.

All of the improvements, which have just been completed, were made at the request of the National Board of Fire Underwriters. An underwriters' survey, it is expected, will be asked by the fire commissioners within the near future.

A telephone alarm system has been installed, so that fire calls to either the Menlo Park fire house or the No. 2 station in the Ravenswood district will be received at the Menlo Park fire house. Ravenswood calls will be immediately transferred to No. 2 company to save confusion and delay.

The engine station at the Ravenswood fire house has been completely overhauled and painted, and the house and grounds there have been improved. A tar and gravel road was laid in front of the station, and the lot cleared.

A 35-foot ladder will shortly be installed on the Ahrens-Fox pumper at Menlo Park. Two gas masks, a complete first-aid kit, and inhalator and a folding inside ladder have been installed on the combination water wagon and chemical truck to make this one of the most complete emergency trucks in this section of the state.

All of the hydrants in the entire district have been tested and are now being painted. Three thousand feet of hose has been tested up to 400 pounds' pressure, and 500 feet of new two and a half inch hose has been purchased and put in service.

Arrangements have been made to have another fireman stay at the Menlo Park fire house at nights.

Changes made at the fire department headquarters include the installation of a hose cleaning and drying tower, and the moving of the shop from the fire station to the old fire house in the rear. An office has been built in the fire house.

Twenty-two members of the fire department soon are to receive Red Cross certificates in first-aid work and artificial respiration. All have successfully completed training in rescue work and in the use of smoke masks. The department stands ready to answer emergency calls in any cases of drowning, according to Chief Cuff.

HOWELL WILL NOT RUN FOR CONGRESS

James B. Howell, president of the San Mateo county freeholders, Atherton councilman and fire commissioner, will not seek election to congress, he said today.

"The duties of chairman of the board of freeholders," he said, "are of such vital importance and require so much of my time I find it impossible for me to enter into the candidacy for congress and still do justice to the work being carried on by the board of freeholders.

"I appreciate the excellent support of the many friends throughout this congressional district and their appeals that I run for such office. I regret that it is impossible at this time."

Howell was recommended by the board of governors of the San Mateo County Federation of Improvement Clubs last night for appointment to the board of state park commissioners.

There is now a vacancy on the board, which Governor James Rolph is to fill.

Police History Of S.F. Subject Of Talk

The history of the San Francisco police department, from the days of '51, when there were 40 officers, without uniforms, to the present time, was the subject of a talk made by Sergt. Patrick McGee at the Exchange Club meeting in Hotel Sequoia last night.

Joseph Baughn was chairman.

SEVEN NOW FILED FOR JUDGESHIPS; THREE MORE DUE

Bringing the filings for superior judge to seven, John F. Davis, Burlingame city attorney for the past 20 years and former justice of the peace of First Township, filed his candidacy papers with County Clerk Elmore B. Hinman in Redwood City yesterday.

Davis will oppose the return of Superior Judge George H. Buck, who now has three opponents while Superior Judge Franklin Swart has but two. The filings:

Against Buck—Davis, Maxwell McNutt, Charles M. Frey.

Against Swart—Justice Percy W. Jackson, Bush Finnell.

Three other persons are considering and of those three, it appears certain that Paul A. McCarthy, Redwood City Attorney, will file against Swart. The others are Gilbert D. Ferrell and Joseph J. Bullock, both of whom have been named as possible opponents of Judge Buck.

Filing time closes Saturday.

Col. Frederick Peterson, Burlingame civic leader, who was rumored as a candidate for assembly, will likely file today.

Another prospective entry in the political ring is said to be Edmund Minehan, San Mateo dairyman, who will oppose Harry L. Parkman for the state senate. Joseph O'Malley, Burlingame attorney, will also file for this office, it is expected, while H. W. Call, South San Francisco attorney, will file for assembly.

Among Davis' sponsors, revealed on the petition filed by him today, are City Treasurer Frank Bloom, Police Judge Joseph Gaffey, Building Inspector Albert Krug, and Police Chief John J. Harper, all of his home city.

TWO ARRESTED FOR UNLICENSED PLANE

Because of complaints that they were skimming over the tops of chimneys in Redwood City, two young pilots were locked up in the county jail yesterday by Flying Deputy Sheriff C. A. Callaghan of Sheriff James J. McGrath's office.

Joe Brown, 20, Menlo Park clerk, owner of the plane, and Jack Tuttle, 22, fireman, who piloted it, were the two arrested.

Callaghan grounded the plane, charging the youths with violating the Department of Commerce regulations in operating an unlicensed aircraft, which is against the laws of this state.

Redwood City police yesterday received complaints against the pair, who operated out of a field on the Woodside road near the Menlo Country Club. Low flying and unnecessary noise were the cause of the complaints.

Belmont School Will Be Used By Sisters

BELMONT, June 23.—Transfer of the Belmont School for Boys in Belmont to the Holy Family Sisters for use as a novitiate has been completed today through arrangements made by the Most Rev. Edward J. Hanna, D.D., of San Francisco. The boys' school will be discontinued.

The present home of the novitiate, at Hayes and Fillmore streets, San Francisco, has become inadequate by being hedged in by other buildings, and provides insufficient room for recreation and the proper physical welfare of the young nuns, it is stated.

DOUBLE PAYMENT OF TAXES BASIS OF BANK'S SUIT

Averring double payment of taxes, the Wells Fargo Bank and Union Trust Company of San Francisco today filed two complaints here against the city of Oakland and the county of Alameda to collect $1,824.39.

The property in question is used by the Pacific Telephone and Telegraph Company and is exempt from city, county and state taxes, the company having paid its taxes on income as required by the state constitution.

Refund of $484.83 from the city, and $1,339.56 from the county is asked by the bank, which is trustee of the trust of Isaac H. Morse.

LETTERS SOUGHT

Mrs. Ida Schenone, Colma, today applied for letters of administration in the estate of her husband, Adolph, who died February 23, last, leaving a $15,000 estate.

FREEHOLDERS ARE ADVISED TO GIVE THOUGHT TO PARKS

Need of looking upon land purchases for park and playground purposes as an essential function of government and in the interests of sound economy was stressed by Hugh Pomeroy, advisor to the San Mateo County Planning Commission, in a talk before the San Mateo County Board of Freeholders at the courthouse Wednesday night.

Pomeroy said the need of these areas are never felt "until it is too late." Then, he said, they are either lost, or can be acquired only through enormous cost.

An example cited by him was the chance the city of Santa Monica had of acquiring its beach areas for $1 per front foot. The people felt the need was not urgent, he said, and turned it down. Now it is bringing $3300 per front foot and is being bought up by the square inch.

The fact that a "crowd of 72 persons" was seen at a Santa Monica beach in a single day caused the Los Angeles papers of that day to comment on the fact, he said. On a July 4th four years ago, 672,000 persons were counted at the Los Angeles beaches.

Pomeroy said 72 persons seen at a beach in San Gregorio in a day would probably bring comment in the press. But with the opening of the Ocean Shore highway, he said, the beaches would be packed with innumerable persons.

In financing land acquisition, Pomeroy suggested a limit of 2 cents per $100 of assessed value for use of the planning commission. This is way below the limit of 20 cents per $100 allowed by law, but would provide a fund which would make possible the acquisition of county beach and park lands.

T. Louis Chess, one of the freeholders, said he believed this plan of land acquisition was "a splendid thing and a solution to the hodge-podge growth of the present."

CITY HALL BEING REMODELED TODAY

Remodeling of the second floor of the city hall was started today to provide quarters for the city engineer, city clerk and city building inspector. Heretofore, the main room on this floor has been used by the council, and also as an office for the city clerk, and the building inspector has occupied a small office adjacent.

The next meeting and all subsequent council meetings will be held in the auditorium over the fire house, across from the city hall.

There will be a drafting room for the city engineer; an office for him; and offices for the clerk and building inspector when the remodeling is completed. The city will save rental which is now paid to house the engineer in a privately owned building on Broadway.

Defendant Held To Face Murder Charge

Murray D. Fountain, 32, former Texas oil field worker, was held to answer Wednesday afternoon by Justice of the Peace Woodhams at Pescadero on a charge of murder following the death of Alexandro Franchesci, Pescadero dairy farm hand, who had been struck with an iron bar.

Fountain was taken to the coast town by Undersheriff Lawrence Nieri for the hearing.

FREEHOLDERS SEEK UNIFIED COUNTY ROAD CONTROL PLAN

Public Urged To Wait With Advice Until More Work Done

Outstanding points discussed by the San Mateo County Board of Freeholders at the courthouse Wednesday night and tentatively passed upon include:

That the road system of the county be unified into one district, and that the county surveyor and engineer (who would be appointed by the chief executive instead of elected) have full charge;

That the chief administrative officer, or county manager, be appointed by four-fifth vote of the board of supervisors, and be subject to removal by the same vote;

That the public administrator's office (now combined with that of the coroner) be combined with the district attorney's office;

That the constables (now elected) be appointed by the sheriff and they to become ex-officio deputy sheriffs, serving in the number of justice courts to be established by the charter;

That the county superintendent of schools continue to be elective;

That the county board of education remain appointive by the board of supervisors.

In providing that a four-fifth vote must be recorded to appoint the chief administrative officer, 11 of the freeholders decided this would give greater protection in the choice, as three-fifths would be a "mere majority and subject to criticism of the people."

Under the plan to combine the office of public administrator and district attorney, if this is finally done, the district attorney would be put on a full-time basis. At present, it is said, the district attorney, who is counsel for the public administrator, is doing considerable of the duties of the second officer. Fees, which were reported as considerable, would be eliminated.

Likewise, fees of constables would be done away with, and the officers would be put on a definite salary basis. Constables would be assigned to courts and districts somewhat on the order as at present, the number not yet having been determined.

All of these moves, it was again stressed last night by Chairman James B. Howell of Atherton, are of a tentative nature.

Prof. Edwin A. Cottrell, who sat with the board in an advisory capacity, urged that the freeholders ask the public and the clubs to withhold protests or commendation of different phases discussed until the charter takes some definite shape.

CARMELITA MANOR SEWER PLANS ARE ORDERED BY CITY

Property Owners Ask For Improvement; Other Topics

Following the request of property owners, the city council Monday authorized the city engineer and city attorney to prepare plans and specifications for sewers in Carmelita Manor, which would connect with the city's sewage system.

It was reported that 37 lots out of 49 favored the project, and agreed to share the cost.

The motion was made by Councilman Beeger and seconded by Councilman McNulty.

William Jamieson told the council the plumber's license of $50 per year was too high. It was $25 or less in neighboring cities, he declared. Several councilmen said it had been fixed at the $50 rate at the request of plumbers, but that they would be willing to take up the matter further with other members of the trade.

A permit to the Menlo Park Community Club to conduct a dance in Foresters' Hall July 2 was granted. If no complaints are heard, the permit may be extended.

The council authorized City Manager Rolison to hold additional interviews with persons who want the job of collecting garbage in the city, to see if some plan can be devised which would bring the municipality a revenue, instead of nothing, as is now the case. This was after the city manager had called attention to the fact that other cities are profiting through control of garbage collections.

At the present time a private firm collects the garbage and dumps it in the marshes near San Mateo.

'Bonus Army' Camped In Visitacion Valley

Two hundred veterans who plan to join the "bonus army" are camped in Visitacion Valley, Constable S. A. Landini of Colma reported today. They will leave on Friday in trucks and automobiles and will stop in Chicago to visit the Democratic convention if they arrive without mishap.

SPEAKER WARNS THAT TAXES MUST BE LESS

Urging an "intense, courageous and determined effort to reduce the costs of government," C. J. Struble, Oakland, Wednesday warned Redwood City taxpayers that disaster lies directly ahead if adequate relief is not forthcoming. There will be, he said, a new kind of civilization and a new kind of government if tax burdens are not cut.

Struble is vice-president of the Title Insurance and Guaranty Co., and spoke at the invitation of the Property Owners' Division of the Redwood City District Real Estate Board, which was formally organized last night in the firehouse auditorium on Middlefield road by the adoption of by-laws. Jerry Hallinan presided.

The Civil War, said Struble, cost a million dollars per day. California is now spending two and a quarter millions of dollars every business day of the year.

The national debt, he said, had doubled in 20 years. Governmental costs, said the speaker, who explained that he meant the costs of all government—national, state, county and city—amount to a disease affecting the life of the country.

Two years ago there was a 30 million dollar surplus in the state's treasury. Now, said Struble, "it will be fortunate if there is any."

Alameda county, he said, had no money, but is awaiting the collection of taxes. It is feeding 30,000 persons daily.

The speaker said the causes of the high cost of government were schools, charities, etc., and all other functions.

"Education is a sacred cow in California," he declared. "Sixty-seven cents of the tax dollar in Alameda county goes for education. The cost is not the fault of school boards alone. We, the people, encourage them to spend money. We build, from Oregon to Mexico, palaces for school buildings. We can't afford it. We teach too much in the public schools. We can't afford it. Everything from tap dancing to Sanskrit is taught. All this is desirable, if we can afford it. But we can't. Once there was a principal, and a superintendent. Now there must be supervisors for this, that and the other thing. School supervisors cost money. Automatic increases in teachers' salaries runs into millions.

"We are a highly socialistic people, whether we believe in socialism or not. We take care of everybody. Twenty-two cents of the dollar goes to public charities.

"The multiplicity of tax levying bodies is bankrupting us."

He said such things as mosquito abatement districts, once organized, couldn't be abolished. In Alameda county $118,000 was sought for mosquito abatement work, and this was cut to $67,000 on protest of taxpayers.

Lincoln automobiles are purchased with county funds for Alameda county officials, and the state buys Cadillacs, said Struble. At the last session of the legislature funds were voted to build a statue to Chief Solano, in Solano county, while thousands were out of work and needed money, he pointed out.

Oakland's city government was recently reorganized, and there was much discussion prior to the election. But less than a third of the voters went to the polls on election day, he said.

President Hallinan of the property owners' division said that owners of real estate were paying 80 per cent of the cost of government, and that a new method must be found to raise tax money on a more equitably distributed basis.

He said the delinquent tax list for San Mateo county showed 17,705 separate assessments this year, compared to 6450 last year, or an increase of about 200 per cent.

"Brownie" Head To Sail For Poland Girl Scout Meet

Miss Julia Williamson, Brownie director of the Girl Scouts, who gave a course in Brownie leadership for peninsula leaders in Palo Alto last March, will sail for Bucze, Poland, from New York July 1. The World Conference of Girl Guides and Girl Scouts takes place there August 6-15.

At the invitation of the world committee Miss Williamson will be the official conference speaker on the Brownie program and will conduct all discussions on Brownie activities and leadership training.

Before proceeding to Poland Miss Williamson will be one of a party headed by Mrs. James J. Storrow, of Boston, chairman of the executive committee of the World Association of Girl Guides and Girl Scouts, who is also sailing on the Westerland to be present at the opening of Our Chalet in Adelboden, Switzerland, on July 31. The chalet which is the gift of Mrs. Storrow to the world association, will be opened officially by Lord and Lady Baden-Powell. Accompanying Mrs. Storrow will be Miss E. Gwen Martin, Philadelphia, member of the Girl Scout international committee, and Miss Hazel Adams, lieutenant of the Lincoln, Mass., Girl Scout troop, of which Mrs. Storrow is captain. Ten Girl Scouts of this troop are sailing with Mrs. Storrow on the Westerland to visit the chalet.

The official delegates of the American Girl Scouts at the World Conference in Poland will be Mrs. Nicholas F. Brady, chairman of the national board who is now in Europe, and Dr. Lillian M. Gilbreth, a board member.

Supper To Be Given June 29 At St. Peter's

At a meeting of the council of St. Peter's Episcopal Church last Monday it was decided to hold a pot luck supper on Wednesday, June 29, at 6:30. That date is the festival of St. Peter and it is hoped that it will be a rallying day for all Episcopalians in Redwood City.

The new rector, the Rev. Edwin Castledine, of 27 Avondale avenue, began his ministry at St. Peter's last Sunday with a very encouraging congregation. Next Sunday the services will be held in the main hall with robed choir and full choral service. The rector has called for volunteers to help in the music of the church.

If the rector is required for cases of sickness or other need, he may be reached at 27 Avondale avenue.

W. R. C. Federation To Assemble In Berkeley Saturday

Gov't Overlapping Opposed By Speaker

Removal of overlapping functions in county government is the only way that substantial savings can be secured and tax reductions achieved, Attorney W. H. Morrissey of Redwood City, chairman of the board of governors of the San Mateo County Federation of Improvements Clubs, said in a talk Wednesday night in San Mateo.

Morrissey said the great number of highly-paid superintendents, and the school departments in general, are the greatest cause of high taxes, although, he said, school costs in the county were lower than elsewhere.

It was also urged that the 40-cent road tax be reduced because of the income from the gasoline tax.

J. D. Lynch of San Carlos was made secretary of the federation at last night's meeting.

HOSE KLEPTOMANIA

CALGARY, Alta.—A local thief must have the garden hose kleptomania. In the past few days he has made away with a total of 455 feet of hose, the latest victim being Arthur Sutherland, from whom the thief purloined 65 feet.

VOIDING OF SPITE MARRIAGE IS ASKED

Asserting that she married him to spite another man, William Mylan Conrad today petitioned the superior court to set aside his marriage to Marjorie Winsome Johnson of Oakland, which took place in San Francisco on March 28.

Conrad asserts that his bride will not live with him, although she represented to him when they were married that she loved him. Instead, he says, he has found that she is in love with another man and married him merely to spite the lover with whom she had quarreled.

J. W. Coleberd and H. W. Call of South San Francisco are counsel for the plaintiff.

BERLIN TO ATHENS

BERLIN. — The Deutsche Luft-Hansa and the International Air Navigation Co. have started a one-day Berlin-Athens and Paris-Athens air service. The Greek air ministry authorized these flights to open up the country to aviation possibilities, as Greece has been backward so far in accepting commercial aeronautics.

Homebuilders' Club In 15th Precinct

Following the example of other Homebuilder Clubs in the county, the Homebuilders' Club of the 15th precinct in Redwood City has just been organized with the following officers: Mrs. C. McCauley, president; George Filbert, vice-president, and Mrs. J. W. Eads, secretary-treasurer.

The last meeting, on Tuesday, was held at the home of H. E. McCleary, 903 Madison avenue. Willis G. Frost, candidate for supervisor, spoke, as did J. R. Maben of Atherton.

A Homebuilders' Club card party was given Wednesday in Garfield school and another is due July 6.

A club meeting will be held tonight at Randol and Santa Cruz avenues. Ben Rodgers is president.

Blame Not Fixed In Franchesci Inquest

"Parties unknown" fractured the skull of Alexandro Franchesci, 46, Pescadero dairy hand, a coroner's jury decided at an inquest in San Mateo Tuesday afternoon. The jury did not name Murray D. Fountain, who has admitted the attack.

WILL FOUND AFTER HALF-YEAR SEARCH

Alfred I. Coffey, well-known architect of San Francisco and local resident, who died November 10, 1931, in San Francisco, left a will dated December 4, 1928, which has just been found, a petition for its probate filed today disclosed. Superior Judge George H. Buck has already issued letters of administration on the estate.

Dr. Walter B. Coffey, noted San Francisco physician, is the petitioner. He will act for Mrs. Gladys A. Coffey of Redwood City, the widow, and Gwendolyn Coffey, of Redwood City, a daughter.

C. W. Durbrow and William Meinhold, both of San Francisco, are counsel for the petitioner.

Cullen Hearing To Be On Friday, July 1

Preliminary hearing of Edward Cullen, Redwood City youth, on a charge of hit-run driving, will take place July 1 at 1:30 o'clock. This time has been fixed by Police Judge Edward McAuliffe, who will preside.

$11,950 ACTION FOLLOWS CRASH IN BURLINGAME

Damages of $11,950 are asked today by three persons as the result of a Burlingame automobile crash in a complaint filed with County Clerk Elmore B. Hinman. The plaintiffs are Chauncey C. Curry, who asks $300 for damages to his automobile; Mattie Currie, who seeks $7650 for injuries; and Zella Rondenburg, who asks $4050 for the same.

Anna McCarrick is defendant in the lawsuit. The accident happened on the Bayshore highway May 8.

Henry Holsinger of San Francisco is attorney for the plaintiffs.

SAVED WHO?

COLUMBUS, O.—Thomas Mathews was walking along the banks of the Sciotc river when he heard cries. He looked and saw a small girl floundering in water over her head. Mathews dived into the water and rescued her. Looking out again, he found a small boy submerged about 18 inches below the water. Again he dived in and rescued the child. After it was all over he found that he hadn't even stopped to find out the names of the children.

SETBACK PLAN FOR BAYSHORE DRAWS ATTACK

Sentiment Is Not In Favor Of Project, Report

A petition against the segregated traffic and setback plan for the Bayshore highway, as proposed by the San Mateo County Planning Commission, was brought to Redwood City Monday for filing with the county clerk by John Huss.

At the same time, Huss and others vigorously denied that the sentiment of property owners was in favor of the proposition, and they declared that a statement published June 10, to the effect that 35 property owners had declared for the principle of the 30-foot setback to make possible a segregation of through and local traffic, was erroneous.

Following is the statement signed by 46 persons, which Huss brought to Redwood City to submit to the supervisors:

"We the undersigned, being property owners along the Bayshore highway in San Mateo county, hereby protest the establishment of a setback line of 30 feet on each side of the Bayshore highway for the purpose of the establishment of a parallel roadway along the highway and the placing of a barrier or curbing between said road and the highway.

"The Bayshore highway being largely commercial, the 30-foot set back line and the erection of the barrier would be equivalent to removing the highway frontage to a side street location making it impossible to sell for highway frontage and nearly impossible for residence, destroying the value and placing a cloud on the title.

"The fact that we might be permitted to construct temporary buildings would not clear the title or attract prospective buyers.

"We feel it a great injustice to penalize us with the great burden of extra taxes, the greater part of which would probably be imposed on the highway frontage, to furnish additional roadways, while the state has still two and one-half times its present width to pave.

"When completely paved, the highway should be sufficient for many years to come.

"We seriously question the theory that the additional side lanes will materially relieve the highway of local traffic.

"We respectfully call your attention to the fact that the highway runs through the properties at an angle creating many small irregular short lots, the value of which would be absolutely destroyed by the 30-foot setback."

County Clerk Elmore B. Hinman presented the petition to the board of supervisors, which referred the matter to the planning commission. Hugh Pomeroy, advisor to the commission, and James S. James, secretary, said that after action by the planners, the board must hold two public meetings on the proposals before any final action can be taken.

SPEAKER WARNS

(Continued from Page 1)

This was exclusive of city delinquencies.

On motion of Henry Witte, the by-laws of the division, which were read by Secretary Prentiss Andrew, were adopted. They set forth that the purpose of the division is "to assist the public officials in preserving the resources of San Mateo county and of the Redwood City district, and to see that public moneys are wisely expended and the tax rate kept within reasonable limits, consistent with the proper development of the county and our communities."

Subcommittees are provided for state, county, city, high school and elementary school affairs. Chairmen of these will be named by the executive committee. There will be four members in addition to the chairman on each subcommittee.

Dues are $1 per year, payable in advance. Any property owner or his representative interested in tax problems is eligible for membership.

Communications from City Manager E. A. Rolison; Glen D. Willaman, secretary of the state real estate association; the San Bernardino Property Owners' Division, the Los Angeles Realty Board, Inc., and the County Co-ordinating Tax Committee of San Bernardino county were read. All offered assistance to the local division.

Julius Smith suggested that a committee be appointed to sit with the county freeholders and offer assistance in framing the new charter, with particular reference to tax matters. This will be considered by the executive committee.

Fred Drake said there should be a city and county government for San Mateo county, to simplify it.

BOY HURT IN FALL

BELMONT, June 22.—Charles Mickelsen, 14, newsboy, suffered a broken left shoulder last night when he fell on the highway in alighting from a truck at the Belmont dog track.

If a few drops of olive oil are added to water when washing chamois leather gloves they will not become hard or stiff.

Vets Admonished To Keep Up On Payments

SACRAMENTO—California war veterans were admonished today by John P. Brennan, chairman of the veterans welfare board, that "they must keep up the monthly payments on homes and farms being purchased through the state, and keep inviolate their agreement with the people of California."

Simultaneously, Brennan, who is also director of the state department of military and veterans affairs, disclosed that the the board had inaugurated a new system of collections in an effort to stem the rising tide of delinquencies.

"The problem of the delinquent veteran," Chairman Brennan said, "has assumed vast proportions. We do not want to be unduly severe with the ex-service man who is out of a job, but, we must insist that those who have jobs and funds keep up their payments, which, in most cases, are smaller than rent on corresponding property would be.

"Consequently, we have found it necessary to invoke a new system in order to obtain these just payments from the working ex-service man. Instead of writing letters and sending appeals through the mail, we have placed a number of agents in the field to make these collections.

"This step, while seemingly drastic, became imperative after investigation showed that a large number of delinquent veterans were those who have continually held jobs and who have negligently failed to make payments without any apparent reason. However, I am indeed gratified at the whole-hearted and splendid responses we have received from the ex-service men since we inaugurated this new system."

Election Law Test In U. S. Court Planned

John E. Manders, Redwood City attorney, who wants his name placed on the August 30 ballot as a candidate for superior judge without stating the department, said today Municipal Judge George Steiger of San Francisco will carry his test case on the constitutionality of the law to the United States Supreme Court.

Manders, having filed a similar case here, will await the outcome of Steiger's case.

The local attorney believes the law, which requires a candidate to designate the post sought, unconstitutional, and thinks the high court will overthrow it. If so, and no decision is reached by August 30, the results of the primary will be voided and a new election will be held.

Auto Of San Bruno Man Injures Woman

Stephen A. Born, 34 Hacienda drive, San Bruno, was driver of a car which Tuesday injured Mrs. Sarah Ainslee, 86, of 1438 Jackson street, San Francisco, on Sutter street at Powell, San Francisco. She suffered a dislocated shoulder and cuts and bruises.

Signs along highways leading to Tishomingo, Okla., have been erected by friends of the governor: "Tishomingo—Home of Our Next President."

Bike Tryouts Are Switched To Peninsula

The 62½-mile peninsula highway course from San Francisco to Redwood City and return will be used for the final Olympic Games bicycle trials on Sunday, July 17, it became known today.

Los Angeles was originally scheduled to be the site of the tryouts, but the change was made after San Francisco dealers guaranteed funds to bring the riders to the finals providing the trials be held in San Francisco. Definite authorization has been received from the American cycling committee.

Fourteen of the best cyclists from all parts of the country, including Henry O'Brien of San Jose, will participate in the final tryouts. The four leaders will compose the United States team in the Olympic race to be held in Los Angeles on August 4. O'Brien is one of the favorites for the team, as he set a world's record for the Olympic course of 62½ miles in the sectional tryouts two weeks ago.

The long grind will commence at Kezar Stadium in San Francisco and will proceed out Lincoln way and Irving street to the ocean, then south to Sloat boulevard and over to Colma. From there the course goes south on the peninsula highway to Redwood City, where the riders will turn back at the city hall to follow the same route to the finish.

Burlingame Council Split On Prohibition

BURLINGAME, June 21.—Tackling a problem which has every politician worrying, the Burlingame City Council last night split on the question of prohibition.

Councilman J. C. Russell introduced a resolution memorializing Congress to amend the Volstead act to permit alcoholic beverages of higher content, and Councilman A. A. Hock offered a prompt second.

But here Mayor C. A. Buck, whose wife is active as a Women's Christian Temperance Union worker, called a halt, saying it was a question not fitting for the Burlingame council to speak on for the people as a whole.

The matter was then put over for two weeks.

HOMES MENACED BY GRASS FIRE IN MENLO PARK

MENLO PARK, June 22.—Two houses were threatened for a short time at 7 o'clock last evening by a grass fire in a vacant lot on the Alameda de las Pulgas near the Menlo avenue extension. The blaze started from a fire set to burn off grass along the edge of the road but spread to the adjoining lot. It was extinguished by the Menlo Park Fire Department before it could damage the two houses.

Any soil that will produce good garden crops will grow good roses.

SHORTRIDGE SHOULD AGAIN BE RETURNED TO CAPITAL

With the adjournment of congress in a short time Senator Samuel M. Shortridge will immediately start for California and after a brief rest, begin his campaign for re-election.

Mr. Shortridge is to carry on a vigorous campaign, bringing a message to the people of the state from Washington, telling the voters what has been accomplished by the present congress.

Senator Shortridge, because of his long public service in Washington, including his support of the protective tariff which has protected California citrus and other farm and industrial products against cheap Oriental and other foreign competition, has been especially valuable to California. His seniority on senate committees, especially his chairmanship of the veterans' subcommittee of the powerful Senate Finance Committee, has placed him in a position where he has been able to do much for veterans.

Shortridge should be retained at Washington to continue the good work started by him. His friends predict that his plurality at the primary election in August will be overwhelming.

THIS SUIT WILL GIVE MANY CAUSE TO WORRY

Lee, Higginson and Company, who floated the bonds of Kreuger and Toll in America, are named defendants in a suit filed in New York by investors, who demand a return of their money because of alleged fraud. They claim that statements made with respect to the worth and security of the Kreuger issues in the circulars issued by the banking house were misleading where they were not false.

An eastern correspondent writes of the case:

"It is a trial horse. If it succeeds, there will be a flood of others.

"All houses of issue, and especially banks, with security affiliates, are keenly interested. If the plaintiffs are upheld, it will be a precedent that will cause them a lot of trouble."

It certainly will.

But no ocean of tears or sympathy will be shed for those who find themselves in difficulty on this score.

Too many people were stung, not only by Kreuger bonds, but by a host of others equally lauded, but equally worthless. And many if not most of them came with recommendations equally respectable.

For it was not the out-and-out swindlers, but those occupying the seats of the mighty in the financial world who took the public for its worst rides in the recent debacle.—Sacramento Bee.

CHAMPIONSHIP COMES HOME

In New York last night Jack Sharkey, the sailor from Boston, took the crown as the world's champion leather pusher and attempted to adjust it over a badly swollen eye. The decision was accompanied by about an equal volume of cheers and boos. The referee and one of the judges decided in favor of Sharkey. The other judge, a good many Americans and all the citizens of Germany decided that Max Schmeling was robbed of the championship.

So far as the box office is concerned, Schmeling probably is better off by losing. He is in a position to win a lot of profitable battles in working his way up to another chance at the championship.

Whatever you may think of the decision, it was definitely established last night that there still are a good many people in America who are not completely busted. More than 70,000 people dug up an aggregate of about half a million dollars to see the fight. — Santa Rosa Press-Democrat.

BATTLEFIELDS ARE SAFE PLACES

Statistically considered, war zones are among the safest places provided by modern civilization.

In the recently concluded Chinese-Japanese trouble there were 6000 men, women and children killed in four months of fighting and 20,000 others wounded.

In the same four months during which "peace" reigned in the United States, more than 8000 men, women and children were killed and 250,000 injured in automobile accidents.

The 6000 Chinese and Japanese rated eight-column "screamer" lines every day in the newspapers. The 8000 Americans rated brief and scattered obituary notices, or, maybe, just a name on the classified page.

Moments of carelessness exact a far greater toll than studied and scientific slaughter. — San Jose Mercury-Herald.

GROWING FURNITURE

SWEETWATER, Tenn. — Two months ago James L. Burns bought a piece of rustic furniture — a flower stand. It has now begun to put out new growth, three inches long, and has several leaves. The stand is made of hickory, an inch in diameter.

COAST MUSSELS ARE POISONOUS, OFFICIAL WARNS

With 10 persons poisoned as the result of eating mussels gathered at Pedro Point, San Mateo county, on Sunday, Dr. J. C. Geiger, San Francisco health officer, today warned against eating mussels during June and July.

"There is a very dangerous condition which exists during the spawning period of mussels, and they are not fit for human consumption," he said. "They are not allowed to be sold, but of course, we cannot prevent people from picking their own mussels. However, if they are eaten during June and July, they will probably produce dangerous poisoning due to a chemical condition within the mussel itself.

"We wish to warn the public under no conditions to gather or eat muessels during these two months. Cooking does not remove the poison."

Driving License Of Youth Is Suspended

SOUTH SAN FRANCISCO, June 22—The operator's card of Frederick Buenzle, 25, Monroe Park, Los Altos, was suspended in justice court here when the youth came before the court for traveling in the third lane, failing to give right of way and failing to heed a siren.

Because the youth was found to be deaf and dumb, Justice Edward Farrell said he would inquire by what authority he had obtained the license.

Seal Thought Victim Of Man-Eating Shark

The mystery of the principals of a deep-sea battle off Salada Beach Sunday was solved today when the body of a bull seal, boss of his herd, was washed ashore, tailless and headless.

He was the victim of a man-eating shark, his teeth-raked body indicated.

Scores of Sunday picnickers looked on while the battle was at its height off-shore.

NEW FAKERS ABOUT

Word came out of San Francisco during the past week that the San Francisco newspapers, trying to bolster up inflated circulation lists, may be expected to start a drive for subscribers in the Sacramento valley similar to the one that has been carried on in the San Joaquin of recent months. Every known method except that of selling the papers on the basis of their value is being used.

Sure enough, word comes today that the drive already has started here. A solicitor for a San Francisco newspaper is making the rounds, using the old sympathy gag. He is telling Oroville people that if he can get 25 subscribers he can establish a route which he can carry himself, and thus make a living. Some sympathetic people are apt to fall for this and be defrauded, for there is no intention to establish a new route, there being one here already. Furthermore, if there were not a route, the paper could not afford to start one on the basis of 25 subscribers.

It is a safe rule to close the door on all rackets of this type. If the salesman does not confine himself to the excellence of his product it may be safely assumed that he is not worthy of attention. All these solicitors are well paid by their newspapers and are resorting to falsehood because they find subscriptions come easier that way. — Oroville Mercury-Register.

CANDIDATES MUST SPECIFY POSTS SOUGHT

Manders Forced Out Of Judgship Race By Ruling

The California Supreme Court Tuesday upheld the constitutionality of the new state law requiring that candidates for judicial offices where several departments are established must designate which post they seek.

Municipal Judge George J. Stieger of San Francisco brought the test in the supreme court asking that body to force Registrar of Voters Collins of San Francisco to accept his candidacy papers without designating which of the several judgeships he seeks.

Collins demurred, pointing to the new law in refusing to file Stieger's papers. The supreme court not only sustained the demurrer but threw the petition out of court, thereby upholding the law.

Judge Stieger will appeal to the court to give him a rehearing.

The decision throws John E. Manders, Redwood City attorney, out of the race for judge in San Mateo county, he having filed a parallel action in San Mateo county against County Clerk Elmore M. Hinman. Manders said at the time that he would be guided by the outcome of Judge Stieger's case.

The matter is in the court of Superior Judge Franklin Swart, and judgment will be entered in keeping with the supreme court's finding.

Two New Filings

Charles M. Frey, 25 Arch street, Redwood City, an attorney, and Justice of the Peace Percy Jackson, Burlingame, entered the race for superior judgships Tuesday.

Frey will oppose Superior Judge George H. Buck, while Jackson will run against Judge Swart.

Among the local persons sponsoring Frey's candidacy are Thomas W. Cutting, Winifred H. Fisher, Ona F. Wise, C. H. Ward, Ward E. Monroe, Lillian L. Hall, F. A. Gelbmann, Thomas Vernall, Julius Smith, W. W. Hendricks, George F. Paul and Louis W. Jenkins Jr., all of Redwood City; F. P. Allen, North Palo Alto; Rose B. Hammond, Atherton; Sarah R. Fry, Menlo Park; John G. Weiler, North Palo Alto; James R. Maben, Menlo Park, and J. B. Bryan, San Carlos.

Emmett Donnelly will act as verification deputy.

Jackson's sponsors include San Mateo and Burlingame residents. None has been selected from other peninsula communities to sign his papers. James A. Bush, George Beveridge, George P. Lauinger, Emma Zimmerman and Joseph B. Darcy, all of San Mateo, are listed as his supporters.

WIFE PETITIONS TO GO BUSINESS VENTURE ALONE

Petition to be allowed to become a "sole trader" was filed today by Mrs. Jewell Braden with County Clerk Elmore B. Hinman so that she will be able to support herself.

Mrs. Braden explains that her husband has not supported her because of the depression and that she is not seeking a divorce from him because she has no justifiable ground, but does wish to go into business for herself without being connected with him. She plans to open a soda fountain in Burlingame.

PUBLIC SCHOOL SUPPORT

Here's a prediction—as a voter, you will have nothing at the November election which will bother you more in forming an opinion than the initiative measure which would shift the support of the public schools to the state and provide a state income tax and selective sales tax to furnish the funds therefor. This will become confused by the claims and counter claims which the opposing forces will hurl at each other. There has long been a demand for a change in the tax system which would bring an equalization of taxes. This would apparently be accomplished by the proposed plan, but an argument you will hear against it will be that it will leave loopholes which may result in increased instead of lessened taxes. Get ready for an interesting session with this tax proposal.—Livermore Herald.

NIGHTS MADE HIDEOUS

Radio broadcasts should be rescued from a species of commercializing which not only makes some air programs ridiculous, but very near sacrilegious. Some nights are made hideous by round after round of commercial advertising in the midst of programs which otherwise would be sources of pleasure and inspiration. Advertisers should realize that they are prejudicing their hearers against their products by obtruding so much commercialized ballyhoo into their broadcasts.—Pasadena Star-News.

OFFICER PRAISED BY INQUEST JURY

High commendation of Officer Harold Fitzgerald for his acts in performance of his duty was paid by a coroner's jury sitting in Redwood City Tuesday in the death of Eric Strandquist, 36, plastering contractor, who was shot dead when he wounded the officer, June 19.

Dr. J. C. McGovern, county coroner, presided, and the inquest was held at the Layng & Tinney chapel.

Strandquist, the jury found, died of hemorrhages which were the result of gunshot wounds received by being fired at by Officer Fitzgerald "in the performance of his duty and in the act of self-defense after having been shot himself by the deceased."

"We, the jury, highly commend Officer Fitzgerald and officers associated for their actions in this matter," the verdict read.

CHEERING NEWS ABOUT FILMS—IF IT'S TRUE

Cheering news concerning moving picture trends comes from Hollywood via New York to the effect that "people don't want fairy stories and Pollyanna legends—they want to see real human beings in real situations on the screen."

The authority quoted is Paul Bern, who is identified as a motion picture supervisor. He says:

The motion pictures have finally come to the point where, like a first-rate author, they have to let their stories develop through characters rather than through situations. The most noticeable change in writers and directors during the past year has been the fact they no longer say "Let's do it this way" as often as they say, "But this character would do it this way."

Bern, perhaps for want of something better, pins this changed outlook on motion picture audiences on the depression, under the belief that because of hard times, the public is not so prone to believe in fairy tales.

Whatever the reason, it is to be hoped he has reached the right conclusion.—Fresno Tribune.

BAN THE CROONER

If, as Arthur Brisbane predicts, crooning is going to go out of fashion, then we have Cardinal O'Connell to thank, for it was he who first called attention to what a silly sort of thing it is that we Americans have "fallen" for, and, since his bold assault, there has seemingly been considerable reaction against what some had accepted as something they had to take, whether they liked it or not, and, like the man acquiring a taste for olives, had sat down and listened with a determination to "stick it out." A crooner would not croon if he could eat by doing anything else; we don't believe anyone has fallen so far in the human scale as deliberately to choose crooning as anything except a temporary means of paying for beans.—Santa Barbara Press.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "And Jesus returned in the power of the Spirit into Galilee: and there went out a fame of him through all the region round about. And there was delivered unto him the book of the prophet Esaias. And when he had opened the book, he found the place where it was written, The Spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, To preach the acceptable year of the Lord" (Luke 4:14, 17-19).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle. . . . Now, as then, these mighty works are not supernatural, but supremely natural. They are the sign of Immanuel, or 'God with us,'—a divine influence ever present in human consciousness and repeating itself, coming now as was promised aforetime,

To preach deliverance to the captives (of sense),

And recovering of sight to the blind,

To set at liberty them that are bruised."

SUN ON THE MOVE

BRYN MAWR, Pa.—We've always been taught that the sun stands still while the earth revolves around it, but Dr. N. Galli-Shohat of Bryn Mawr College now comes forth with the theory that the sun moves. This woman scientist says the sun, accompanied by the earth and the rest of the planets, is rushing through space at the rate of about 285 miles an hour.

TWO MAROONED ON BAY SAVED BY SEA SCOUTS

Speed Boat Swamped; Craft Salvaged By Rescuers

The Redwood City Sea Scouts rescued two men and salvaged their craft from the shores of the lower bay Sunday in one of three rescues in San Mateo county waters inland and on the coast.

Those rescued were Emil Casaretto, 244 Finger avenue, and his companion, Marcel Periat, 1320 South El Camino Real, San Mateo.

The two were found marooned on the old codfish company wharf, dripping wet and unable to reach the mainland. Their speed boat had swamped offshore in the bay and in the choppy waves and strong wind they had drifted south, finally landing on the marsh two miles below the harbor entrance.

The stranded men were taken aboard the motor sailer and dried out and a course made toward the beached speed boat. By careful maneuvering the launch was worked over the shallow water to within 200 yards of the beach and then circled while a Sea Scout rowed the two ashore in the tender.

In a choppy sea and against a head wind it took the combined efforts of the three to work their way out to the larger boat. Eventually they worked their way into the lee of the "Challenger" and were taken aboard. After removing the outboard motor and equipment the speed boat was towed to the yacht harbor, where the shipwrecked sailors were glad to be ashore again. They had been out since early morning.

AERIAL FIRE ENGINES

EDINBURGH, Scotland. — The fire engine of the future, according to Fire Chief Methven, will be an airplane of the helicopter type, capable of vertical ascent. He believes that firemen will soon be climbing down ladders from planes, instead of up ladders from pavements. He has asked the Corporation of Edinburgh to construct a landing field on top of the new fire station.

ROSS AND LINDBERGH MYSTERIES

"We set God, man and the devil at defiance to wrest him from our hands."

This was the bold message sent by kidnapers of little Charley Ross, mystery center of the last century, to his distracted father, a prosperous Germantown merchant. They made good with their defi. They never were apprehended. The child was not recovered. No trace of him ever was found. The body of the Lindbergh baby came to light — although through no activity of the police—but so far the fiends who abducted and murdered him have defied detection just as did those of the earlier mystery. With the collapse of the latest clue, involving the hounded Violet Sharpe, it begins to appear as if the culprits will go free.

The Lindbergh case parallels that involving Charley Ross in many respects. Both brought a sense of bereavement to millions of American homes. As with the recent abduction, the Ross case caused a wave of fury to sweep over the land. All Europe and parts of Asia eagerly followed the frenzied search. While at least it has been learned the Lindbergh child met his death the fate of the Ross scion never was solved.

The closest approach to a clue occurred five months after the Pennsylvania lad's disappearance. Two burglars, identified as William Mosher and Joseph Douglas, were shot when breaking into the house of a Long Island judge. Mosher died instantly. Douglas, fatally wounded, declared, "Mosher knows all about the Ross child. Ask him." When told that his companion was already dead, Douglas cried, "God knows I tell the truth. I don't know where the boy is. Mosher knew."

After that the veil of mystery was drawn completely over the case. The elder Ross spent $60,000 in futile investigations and the remaining 23 years of his life in vain search for clues.

As far as the Lindberghs are concerned, their interest in detecting the kidnapers of their child is largely over now that the babe never can be restored alive. Not so the rest of the country. To meet the ends of justice and serve as an example to other would-be kidnapers, the American people demand that the authorities, who have bungled the job to date, keep on the trail until the guilty are tracked down.—Stockton Record.

★ MORE THAN 210,000 CALIFORNIA WOMEN SAY "The Cleanliness of Electric Cooking will keep your new kitchen NEW!"

These Newlyweds figured it out this way....

Electric Cooking will be just as up-to-date 5 or 10 years from now as it is today

Young people who are happily establishing households this month of the June Bride, plan ahead. They want to be in step with the times—now and forever. That is why an automatic electric range is the logical choice of modern brides.

Kitchens colorful with bright newness stay new for years because of the clean heat of electric cooking. Modern electric ranges, too, have style and beauty in their gleaming porcelain finish offered this year in a wider range of colors than ever before. And every part of these superior electric ranges is rustproofed, better built—truly an investment modern now—modern ten years or more from now.

In operation electric ranges offer outstanding superiorities for household cooking. They are quiet, clean, cooly efficient, for all the heat of surface coils or oven units is concentrated on the one job of cooking food. And an electric range makes a good cook, The Perfect Cook—because Time and Temperature Control assures time-after-time uniformity in cooking results.

New homes, new households by the thousands each year are having electric ranges installed. It is the trend of these modern times—to cook electrically.

See the beautiful electric ranges on display in our office or your electric dealer's store. They cost no more than any other range of like quality and NOW a Special Offer is in effect which includes exceptionally easy terms.

SUPERVISOR VOTE AT LARGE RAPPED

A vigorous protest against any proposal to elect supervisors at large in San Mateo county will follow such action, it was decided by the Coastside Civic Union at a meeting in Half Moon Bay Tuesday night.

George Dunn, Half Moon Bay publisher, was named to head a committee to call upon the freeholders, possibly at the meeting tonight, to ask that the charter provide for election of supervisors from districts as at present.

Similar action has been taken by the Lions Club of Half Moon Bay, which went on record against electing the supervisors at large. Alvin Hatch, secretary of the club, is the coastside representative on the board of freeholders.

Divorce Given Wife, Now Dead, Set Aside

Frank McClellan of Redwood City today had won his court fight to set aside a decree of divorce awarded to his wife 11 years before her death without his knowledge. He told Superior Judge Graham in San Francisco that they lived together during all those years, but not until after her death did he learn that she had divorced him more than a decade before.

The setting aside of a dead woman's divorce decree has been done only in rare instances, it was said.

McClellan's purpose was to clear title to property owned by his wife.

ALBERT MEDLEY SEEKING BERTH AS PATROLMAN

Albert E. Medley, 31, of 701 Howard avenue, Burlingame, Monday filed an application with the board of supervisors to be appointed as a traffic officer of San Mateo county. Rev. Rudkin Is Returned To R. C. At Conference

The Rev. Jesse R. Rudkin of the First Methodist Church of Redwood City was returned to his pastorate here to serve a third year following the eight-day conference of the Northern California and Nevada conference of the Methodist Church in Santa Cruz, which terminated Tuesday.

The Rev. Charles Winning, who was Mr. Rudkin's predecessor here, has been retired and will reside in Santa Cruz.

The Rev. A. H. Clark, who was pastor of the Methodist Church here several years ago, has been transferred from Brentwood to Quincy.

Changes affecting peninsula parishes were the Rev. H. D. Harkins from San Bruno to Gilroy; the Rev. F. C. Farr from Salinas to San Mateo; the Rev. V. C. Brown from San Mateo to Turlock, and the Rev. John W. Winkley from Mountain View to Houghston.

Dr. John Stephens, Palo Alto, was returned, and the Rev. Newton E. Moats of Grace Trinity Center in San Francisco, who was the associate of Dr. Norman Pendleton, now pastor of the First Congregational Church in Redwood City, has been transferred to the First Methodist Church of Sacramento. The Rev. Joseph Carpenter of Santa Cruz was sent to San Francisco.

Bishop James Baker presided at the conference.

Saturday Night Dances Planned At Emerald Lake

The Emerald Lake Club today announced the opening of El Casino for dancing on Saturday night, June 25th. Frank Kohnen of Redwood City is sponsoring the dances which will be given every Saturday night. A large orchestra has been secured and the initial dance is expected to draw a big crowd. The public is invited to the dances for which an admission of 50 cents for men and 25 cents for women is charged.

Emerald Lake No. 2, on the shores of which El Casino is located, is open for swimming every day.

Motion Pictures Of Passion Play To Be Exhibited

Motion pictures, in color, of the famous Passion Plays of Oberammergau and Freiburg will be shown at the First Congregational Church Sunday evening at 7:30. There will be a silver offering.

The film will show the life of Christ from the nativity to the ascension. It was filmed in Europe, the Holy Land and Egypt.

A recorded musical score accompanies the film. Laurence A. Lambert, baritone, New York, will render several solos and readings and the Congregational choir will sing. The public is invited.

Democratic Women To Hear Attorney

Peninsula members of the Democratic Women's Committee on Education will hear Robert M. Fitzgerald, Alameda county attorney, speak Friday afternoon at 3 in the Chinese room of the Women's City Club in San Francisco. He will describe political incidents and personalities. Mrs. S. G. Participation In Shriner Event Is Being Urged

"California Knows How!" With this as his slogan, J. J. Tynan, chairman of the Shrine "Mardi Gras" of industry committee, today urged that the other California counties hasten to join the 10 which are arranging for colorful entries in the "Mardi Gras" feature which will advertise California to the hundreds of thousands of people who will be in San Francisco for the Shrine convention and national demonstration of optimism, July 26 to 28.

"An outstanding opportunity is being given to our state to put a message of the glories of California before the influential people of the nation," Tynan declared.

"For the first time in the history of the Shrine, people other than Shriners are being permitted to take part in the convention program, and we must, as a state, teli our story in the campaign of optimism which Islam Temple is putting on to let the nation know that California leaders are doing their part to restore prosperity.

"In addition to the one and one-half million people, which it is estimated by the police department will witness this parade, millions will know of the convention events through the media of the press, the radio and the newsreels."

Mr. Tynan, who is also vice-chairman of the San Francisco citizens' committee, told of the welcome San Francisco is preparing for the nobility.

The city will wear a gala attire for the convention festivities. Elaborate decorations will turn San Francisco into a veritable city of festivity.

Rainbow Girls To Give Card Party

The San Mateo Assembly, Order of Rainbow for Girls, is giving a card party and dance Saturday evening, June 25, at Hoover Hall, corner Lorton avenue and Bayswater, in Burlingame.

Cards will begin at 8 o'clock followed by dancing and refreshments. Fortunes will be told during intermissions.

Visitors will be welcome to attend and tickets may be secured from members of Redwood City Rainbow Girls or may be purchased at the door.

Lecture On Russia Due Next Monday

Redwood City residents interested in the arts, sciences and education of Russia are invited to hear Dr. Ralph A. Reynolds speak before the American Russian Instititute in San Francisco Monday night at 8, in the auditorium of the Women's City Club, 465 Post street. His topic is "Public Health and Social Hygiene in Soviet Russia," and it will be illustrated with motion pictures.

S. Goremeka, Russian baritone, will sing.

Jenkins Family At Santa Cruz

Mrs. Louis Jenkins Jr. and children are in Santa Cruz for their summer vacation.

Miss Maude Stilleson of the Garfield school faculty, is at Asilomar, where she is attending the 10-day course of the Western School of Nature Study, given by professors of the San Jose State Teachers' College. She was accompanied to the Monterey peninsula camp by Mrs. Elizabeth Price of Berkeley. Mrs. Price concluded a day camp at Sequoia last week for Girl Scouts. The course included study in nature and dramatics.

A German inventor's radio tube resembles a flat tooth paste container, the grid being in the form of a metal layer on the outside of the glass.

❖ Woodside ❖

Because the regular meeting of the Woodside Gardeners' Association would fall upon the great American holiday, the next meeting has been advanced a week and will be held on June 27th. The exhibits that have been called for which prizes will be awarded are: (1) Best gladioli, six spikes; (2) best three vases of annuals, three varieties.

Miss Dorothy Mein has chosen July 7th as the date of her marriage to Charles W. Fay Jr. The ceremony will take place in the garden of the home of her parents, Mr. and Mrs. William Wallace Mein, at Woodside, and will be one of the leading society events of the summer. Miss Frances Mein will be her sister's maid of honor and the bridesmaids will be Mrs. Frederick A. Potts (Alice Eastland), Mrs. George Pope, Jr., Miss Grace Hamilton, Miss Inez Mejia, Miss Edith Chamberlain and Miss Gertrude Faust, a cousin, of Washington, D. C.

Mr. Augustus Taylor Jr. of Menlo Park was host, last Sunday, at a luncheon party in honor of Miss Mein and Mr. Fay. There were 30 guests at the luncheon.

Mr. and Mrs. Mortimer Fleishacker entertained a number of friends at a barbecue supper on Wednesday evening.

Miss Edith Chamberlain and her fiance, Mr. Phelps Hunter, will be guests of Mr. and Mrs. Robert Hunter Jr., and Mr. and Mrs. Robert Hunter Sr., at their Silver Lake Camp in Southern California.

Mr. and Mrs. Mervyn McArthur of Redwood City entertained a group of their friends from San Francisco at a picnic luncheon at their summer camp here on Sunday last.

The Girl Scout Camp conducted by Miss Ruth Jaynes and scout leaders of the different troops was well represented by the Woodside troop. The girls attending for six days were, Marion and Barbara Neuman, Ruby and June Giampietro, Priscilla Jarvis, Allison Wilkie, Grace Winkler, Lucille Dedo and Frances Pleas.

On Saturday evening, Mr. and Mrs. Latham McMullen entertained a group of friends at the home of Mrs. George B. Somers which they have leased during the latters' stay in Europe. The guests were, Mr. and Mrs. Ettore Avenali, Mr. and Mrs. Samuel Pond, Mr. and Mrs. De Lancey Lewis, Mr. and Mrs. Douglas McBryde, and Mr. and Mrs. George H. Lent.

Mr. and Mrs. William P. Roth entertained a number of their friends for dinner on Saturday evening. The guests included Mr. and Mrs. August Taylor, Mr. and Mrs. Daniel G. Volkmann, Mr. and Mrs. Alfred B. Swinnerton, Mr. Dean G. Witter and Mr. Kenneth R. Kingsbury.

While Mrs. Oliver Dibble Jr., and her children are on a vacation in the north, Mr. and Mrs. Dean Dillman have leased the Dibble place here for the period of three months.

Miss Alberta Shine, whose wedding is to take place on Sunday, was the guest of honor at three separate parties during the past week. The first was given by Miss Mildred Fraser and a group of Miss Shine's girl friends, the second, at the home of William Byrne was a family affair bringing together practically all of the Shine family relations and the third was tendered her by her associates of the California-Pacific Title Insurance Company. Many gifts for the new home were presented.

Circus Club Members Plan Trail Ride For Sunday Morning

MEMBERS of the Menlo Circus Club will turn their horses' heads toward the Hooper ranch Sunday morning, planning a grill breakfast there with Mrs. Sbarboro Remy. The Sunday morning trail rides from the circus club have been increasing in popularity this summer and will be continued throughout the season.

Mrs. Stewart P. Elliott gave a luncheon Wednesday at her home in Woodside and is planning to entertain another group next Wednesday.

The June 28th garden tour of the Auxiliary to the Stanford Convalescent Home will include the homes of Mr. and Mrs. Clarence Walter, Mr. and Mrs. Paul Wolf and Mr. and Mrs. Louis Bloch. Tea will be served at that of Mrs. Silas Palmer. The charge for the tour, which is open to anyone in the vicinity who is interested in gardens, is $1, payable at the Atherton station, from which the trip starts at 2:15 o'clock.

Mrs. Cutting And Children Are In Santa Cruz

Mrs. Thomas W. Cutting and children are spending a two weeks' vacation at Santa Cruz. Mr. Cutting will join his family next week.

EVA MARY LAWRENCE, Plaintiff, vs. JOHN FREDERICK LAWRENCE, Defendant.

Action brought in the Superior Court of the State of California in and for the county of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court, Dept. No. 1.

The People of the State of California Send Greetings to: JOHN FREDERICK LAWRENCE, defendent. You are hereby required to appear in an action brought against you by the above named plaintiff in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 21st day of April, A. D. 1932.

BURLINGAME BODY FOR UNIFIED ROADS

Asserting the present system of building roads in San Mateo county is "inefficient and costly," the Burlingame Taxpayers' Protective Association today requested the board of supervisors to take the necessary steps to bring about a unified road plan.

The American Legion and other groups have taken similar action following recommendation of the plan by Surveyor James S. James and its endorsement by the 1931 grand jury.

"NOW we can advertise it"

Products are nearly always put on the market before they are advertised. Quite frequently, changes have to be made in an article before the public generally will accept it. Color, design, flavor—those are some of the things the public has to be consulted about. Sometimes a product won't sell at all and simply has to be discontinued. As soon as people show that they welcome an article and as soon as all refinements and improvements have been added, then you could hear the manufacturer say, if you could be in his office, "Now we can advertise."

When you buy advertised goods, you may know they have gone through the experimental stages. You may be sure that the manufacturer knows they are right and that he is willing to stake his reputation on them.. You may be confident that you are buying goods that have sold and that would continue to sell without any advertising at all.. For advertising merely lets all of the people know—now—what considerable numbers would find out by word of mouth ten years from now.

Of course, advertising goes a step farther. Word of mouth hardly ever tells all the uses of a product. It often doesn't give the real reasons for its superiority. Advertising tells people all about a product and the numerous ways in which they can use it.

Whatever you buy, therefore, let the advertisements be your guide. When the manufacturer says, "Now we can advertise it," you know that you can safely say, "Now we can buy it."

IMPORTANT

When you ask for a product by name, as a result of advertising, do not accept a substitute—substitutes are offered not as a service to you, but for other reasons.

Menlo Park

Gamion is dead. She's gone to that animal kingdom above to be for ever happy with friends that have gone before and there to feast on bones that are abundant and to bask in the warm sunshine of the sloping hills in that far off country beyond the stars. As a puppy Gamion was given to Edward O'Keefe by Mrs. Samuel M. Shortridge. This was 18 years ago. Gamion lived the usual dog's life, reaching a ripe old age. During the last year of her existence she suffered from rheumatism. A short time ago the dog became partly paralyzed. Her pain became so intense that her kind master to relieve her of her suffering, brought eternal sleep by the administration of chloroform. Gamion was liked by all the neighborhood in her locality for her kindly disposition and gentleness and long will she be treasured in memory by those who knew her and loved her.

Phil Casudo was sent to the county jail at Redwood City on Monday for threatening his landlord, S. McLanahan, with a pistol. The latter went to collect his rent. Casudo was disarmed by Constable Grill and taken to Redwood City to reside at Hotel McGrath.

The city council met Tuesday evening in special session to adopt a resolution providing for the issuance of street improvement bonds under resolution 31-7 and 31-9. The former included work done on Doyle and Curtis streets. The amount of the bonds on those streets was $5,416.11 and the latter, Live Oak, was $16,745.73. By a resolution unanimously adopted the bonds were issued for those amounts.

Lawrence Skudder and Company was given the contract to audit the books of the city government for $90. The local agent is Mr. L. T. Diebels, Menlo Park.

D. E. O'Keefe was reappointed a member of the Pulgas Mosquito Abatement District for a period of two years.

The council adjourned to June 28.

Miss Carmel O'Keefe is spending a short time at the seashore at Santa Cruz with her friend, Miss Ruth Rugard, Walnut Grove.

D. E. O'Keefe, accompanied by Russell Buchanan, Mrs. James T. O'Keefe, Miss Marcella and Miss Ethel O'Keefe, have returned from a week's trip to the Forks of the Salmon, Siskiyou county, where the O'Keefe mining property is located.

The parish hall on Laurel avenue was the scene of gayety last evening when the members of the Menlo fire department and their families gathered for social intercourse. Chief Cuffe secured a film, "Fire Chief," that was thrown on the screen to the amusement of all. Dancing followed the show. Captain Whittaker, former chief, was present to add to the pleasure of the happy occasion.

Miss Burnadette Clark is reported recovering from a recent operation for an eye ailment. Miss Clarke has been confined to her bed for some time. She resides with her mother on the Alameda.

Joseph Veverka, the station agent, reports business better during the past month than it has been for years. The railroad company is much encouraged for the activity shown recently in various cities and towns along its lines. The renomination of Herbert Hoover, no doubt, has caused this upward trend in business.

A cablegram from James T. O'Keefe yesterday announced that he had arrived in Dublin accompanied by his son, James and A. McSweeney, the popular San Mateo county tax collector. They are attending the Eucharistic congress in that city, which will be in session for several days, after which the party is to make a tour of the continent. They expect to arrive home late in July.

The local post of American Legion is to hold a card party in the Central School auditorium on Thursday evening, June 30. Good prizes are to be offered the winners of the game. Score cards 25 cents.

Mr. and Mrs. Charles Merrill of Menlo Park, left last Saturday for a one month's tour through the Panama Canal Zone. They will stop in Cuba, Havana, Haiti, and many other interesting places. Mr. and Mrs. Knowles of Berkeley are occupying their home for the summer months. During the absence of their parents, the Merrill children are living in the Phi Psi house on the campus.

Mr. and Mrs. Adrian Ward, 1330 Hoover street, Menlo Park, recently gave a dinner in honor of Miss Ethel Carroll, the new chief nurse at the United States Veterans' Hospital. Other guests included Miss Klein, X-ray department of the Palo Alto Hospital, and Miss Jean Marston of the laboratory, Palo Alto Hospital.

Joe Veverka, the local station agent, is a grandpa now, if you please, a husky baby boy having been born to Mr. and Mrs. Stanley Veverka at San Jose last Saturday. Grandpa Joe is very proud of the youngster, the first born.

Fire Commissioner Howell is being besieged on all sides to become a candidate for congress in this district. Delegations are calling on him every day from all parts of the district urging him to make the race. Mr. Howell was a candidate for a freeholder at the recent charter election and stood at the head of the list of 24 candidates. He is popular, a good mixer and full of energy and would make a live campaign for the office, now held by Arthur M. Free.

Judge Jean Hoss is rapidly recovering from injuries received in an automobile accident that took place last Sunday evening on Santa Cruz avenue, not far from the highway. Hoss became confused by an onrushing machine and swerved to the side of the road to avoid a collision and ran into a tree. The judge was badly bruised and cut by the glass on the windshield. He suffered a deep laceration on the wrist, causing a flow of blood that was only stopped when he was taken to Mills Memorial hospital. Mr. Hoss has returned to his home and is recovering nicely. The automobile was a total wreck.

The National Council of Catholic Women will hold a public food sale in the bank building on the highway tomorrow. A good supply of home made cakes, pies, salads, and bread will be offered for sale. This will be a good place to secure your Sunday dinner supply.

Mrs. Fannie I. Kurtz, the popular city clerk, is confined to her home with a slight illness, which prevents her from attending her duties at the city hall. She is expected to be at her desk in a few days.

The local scout troop is enjoying a stay at the San Mateo Memorial Park, near Pescadero for two weeks. The troop makes this trip annually. All members have an enjoyable time.

Sixteen Menlo Park boys were taken to Santa Cruz Tuesday by Father Bernard Burke, assistant pastor of the Church of the Nativity. Picnic lunch was taken and swimming and games were enjoyed.

The boys who made the trip were Harvey Brown, Peter Bush, Robert and Bernard Doyle, Jack and Walton Eldridge, Jack Flynn, Bob Grill, Kip Morey, Ben Partee, Bob Quilfelt, Braun and Francis Sullivan, Adrian Ward, Jack Welch and Bud Whitaker.

MOTHER DIES

SAN MATEO, June 22.—Mrs. Elizabeth Leggett, mother of Dr. John W. Leggett, San Mateo dentist and former chairman of the Burlingame Planning Commission, died in San Francisco Monday. Services were held today.

Mr. and Mrs. James D. Hedge left Thursday morning from Oakland on the California-Nevada Kiwanis special for the Kiwanis International convention which opens Monday at Detroit, Mich. Following the convention Mr. and Mrs. Hedge will visit Niagara Falls, Montreal and Quebec in Canada, New York, Boston, Philadelphia, Washington and return through Chicago to Banff and Lake Louise and other points of interest in the northwest. They will be gone a month.

Edmund Scott, district attorney of San Mateo county, left by train Tuesday for Lake Tahoe for a three-day convention of state district attorneys, which opened today. Earl Warren, district attorney of Alameda county, is president of the District Attorneys' Association of California. Arrangements have been made for 300 reservations at the annual banquet Friday.

Bruce McLaughlin, local boy, suffered a cut above the knee of one leg Wednesday when he tripped over a curb stone. He was treated at the emergency hospital.

Policeman Harold Fitzgerald, who was wounded June 19 by his neighbor, Eric Strandquist, was reported today by his attending physicians, Drs. Harry E. Mason and Robert Monteith, to be "absolutely normal." He will remain in St. Mary's Hospital for several more days before coming home.

ARTICLES AMENDED

Amended articles of incorporation of the Pacific Gas and Electric Company giving that firm "perpetual" instead of 50-year life were filed with County Clerk Elmore B. Hinman in Redwood City today.
